How can I become my Christmas Jumper into a charity one?

Christmas time is coming, and you have the opportunity to celebrate a Christmas' magic moment through Christmas Jumper Day at your school. First, think about the malnutrition realities of thousands of children, and then make over your jumper into a solidarity one.

To do this, you will look for sponsors (family, neighbors, etc.) and tell them what you have learned at school. Ask them to support you with a donation to complete the jumper's template with the stickers. By this way, we will be able to help them!

The total of the donations collected you must give it to your teachers in order to send it to Save the Children.

Help us to multiply the magic of Christmas!
