HOW CAN I DO CARING MY CHRISTMAS JUMPER?

Once we have decided the day for wearing our funniest Christmas jumper at school and after having reflecting on the reality that thousands of children live due to wars and conflicts in the world, it's time to do our day supportive.

To this aim, we are going to look for sponsors (namely, family, neighbours and so on) and **we are going to tell them what we have learnt. Besides, we are going to ask them for help us with a donation in order to** complete the jumper that appears in the template with stickers. This way we will achieve helping them!

Every donation we get will be given to teachers in order to send it to Save the Children.

**Something very simple
can reach great goals!**
