

# Drawing the Christmas Jumper

Painting, playing, being with our friends and learning are just some of the things we do at school every day; even, sometimes, we eat there. For many children, going to school means that they will be able to have one meal a day because it is hard to get food.

Let's send a big hug through a big Christmas jumper to those children who live in areas where droughts and wars make it impossible for them to have adequate food.

Draw the outline of the Christmas Jumper on continuous paper (lay down on the paper and one of your colleagues can draw the outline on the paper). Each participant can write their name, decorate the jumper with Christmas ornaments, or even write a message of peace.

You will send your support and affection in a symbolic embrace capable of crossing borders by decorating and hanging your huge collaborative Christmas Jumper.

Send us a picture of your Christmas jumper! We would love to share it with other schools.

Tell your family at home that you have made a huge Christmas jumper and you can complete your own with the stickers.
